## **The Ralph M. Parsons Foundation** **Report Guidelines**

### **Introduction**

Reports provide a meaningful opportunity for reflection and communication between The Ralph M. Parsons Foundation and your organization. Through your report, the Foundation learns about the opportunities and challenges facing your agency and the broader nonprofit community. We hope to celebrate your successes and learn with you when things do not go exactly as planned.

### **Deadlines**

Report deadlines are outlined in your Acceptance of Grant. Generally, reports are due on the date stipulated or one year from receipt of grant payment, whichever is later. In the event that the report deadline falls on a weekend or a holiday, reports may be submitted on the following regular business day. If you have questions about your deadline, please call the Foundation at 213-362-7600 and ask to speak with grants management.
